- ✓ Material conveyors
- ✓ Rotating kiln drives
- ✓ Wind turbines
- ✓ Calendar drives
- ✓ Mixers Extruders, injection molding
- ✓ Pump drives
- ✓ Aerators, clarifiers and agitators
- ✓ Dredges
- ✓ Movable bridges
- ✓ Pulverizers
- ✓ Air pre-heater

ABOUT OUR COMPANY

Founded in 1979, we are renowned for high-quality gear and gearbox repairs. Utilizing the latest machine tools and an expert workforce, we offer efficient solutions for Power Transmission & Gearbox applications, including emergency repairs. Our experienced team excels in repairing and rebuilding various gearboxes and wearing equipment. GER leads the industry with innovative customer service and quality craftsmanship. Unlike others, we provide thorough evaluations and cost-effective repair plans, achieving savings of up to 60% from OEMs, regardless of the original equipment manufacturer or availability of drawings.
